

Monday, 7 April 2008 - User Conference - Update and New User Tutorials

Time	Group 1 Aspen Process Modeling			Group 2 Aspen Icarus	Group 3 Aspen Zyqad	Group 4 Aspen Batch Plus	Group 5 Aspen HTFS+
7:30 - 8:30 AM	Registration & Continental Breakfast						
8:30 - 10:00 AM	Modeling Amine Systems with Aspen RateSep	Aspen BatchSep Basics	Introduction to Flarenet	Overview of Aspen HYSYS Upstream		Tutorial: Using Aspen Zyqad to Develop Preliminary P&IDs	
10:00 - 10:30 AM	Refreshment Break						
10:30 -12:00 PM	Economic Evaluation for Process Engineers	Introduction to Flarenet (continued)	Overview of Aspen HYSYS Upstream (continued)	What's New in 2006.5 in Depth	Tutorial: From Simulation to PFD to P&ID Using Aspen Zyqad		Tutorial: Advances in Exchanger Modeling in Aspen Plus
12:00 - 1:30 PM	Buffet Lunch						
1:30 - 3:00 PM	Using Aspen Simulation Workbook to Deploy Models to Casual Users (Overview)	Use of HYSYS Dynamics with DMCplus	RefSYS Best Practices	Introduction to Estimating Using Aspen Icarus	Tutorial: Developing Aspen Zyqad Knowledge Bases with Visual Studio		Tutorial: Advances in Exchanger Modeling in HYSYS
3:00 - 3:30 PM	Refreshment Break						
3:30 -5:00 PM	Using Aspen Online Deployment to Deploy Models in Operations	Use of HYSYS Dynamics with DMCplus (continued)	RefSYS Best Practices (continued)	Introduction to Estimating Using Aspen Icarus (continued)	Tutorial: Developing Aspen Zyqad Knowledge Bases with Visual Studio (continued)		Tutorial: Introduction to the new Aspen FiredHeater Program
6:00 - 9:00 PM	2008 AspenTech User Conference Welcome Reception & Solution Center Opening						

Tuesday, 8 April 2008 - User Conference - Plenaries and Product Based Tracks

Time	Group 1 Aspen Process Modeling User Group - David Tremblay & Glenn Dissinger	Group 2 Aspen Icarus User Group - Dan McCarthy	Group 3 Aspen Zyqad User Group - Andy McBrien	Group 4 Aspen Batch Plus User Group - Jack Vinson	Group 5 Aspen HTFS+ User Group - Tom Ralston
7:30 - 8:30 AM	Registration & Continental Breakfast				
8:30 - 10:00 AM	2008 AspenTech User Conference Plenary				
10:00 - 10:30 AM	Refreshment Break				
10:30 - 12 noon	AspenTech Engineering Plenary				
12:00 - 1:30 PM	Buffet Lunch & Solution Center Demonstrations				
1:30 - 3:00 PM	Conceptual Engineering Plenary	Basic Engineering Plenary		Batch Products Overview Customer presentations	Overview, HTFS+ Software Progress & Research Progress
3:00 - 3:30 PM	Refreshment Break				

Tuesday, 8 April, 2008 (continued)											
3:30 - 5:00 PM	Process Modeling for Chemicals: Improved conceptual engineering workflow Customer presentations		General HYSYS Session - What's New in 2006.5 Demos of new features, including workflow with IPE and HTFS+		Aspen Icarus Overview and What's New in V2006.5 and 2006.0 CP5 and Roadmap		Aspen Zyqad Overview and What's New in V2006.5		Aspen Batch Plus - What's New in 2006.5	Furnaces & fired heaters Progress, Aspen FiredHeater™	
6:00 - 9:00 PM	2008 AspenTech User Conference Solution Center Networking Reception & Dinner										
Wednesday, 9 April 2008 - User Conference - Product Based Tracks											
Time	Group 1 Aspen Process Modeling User Group - Chemicals		Group 1 Aspen Process Modeling User Group - Energy		Group 2 Aspen Icarus User Group		Group 3 Aspen Zyqad User Group		Group 4 Aspen Batch Plus User Group	Group 5 Aspen HTFS+ User Group	
7:30 - 8:30 AM	Continental Breakfast										
8:30 - 10:00 AM	Aspen Plus and Aspen Properties New Features, Demo, Roadmap & Feedback	Emerging Energy 1: Advanced Coal Technology	HYSYS Dynamics - OTS - Strategy / Roadmap Demo Presentations from partners		Aspen Kbase - Customer Presentations	Aspen Icarus - Customer Presentations	Lifecycle Integration and Data Exchange to Detailed Engineering		Future Directions for aspenONE Process Development for Pharma (Customer Presentations)	Compact Heat Exchangers including Aspen Plate+ and the new Aspen PlateFin™	
10:00 - 10:30 AM	Refreshment Break										
10:30 - 12 noon	Aspen Custom Modeler New Features, Roadmap & Feedback	Emerging Energy 2: Biofuels, Fuel Cells, Green Engineering	HYSYS Vision & Roadmap - Plans for v7 & v8 Discussion of Priorities		Aspen Kbase - Customer Presentations	Aspen Icarus - Customer Presentations	E & C Customer Presentations		New Operations Dialog UI for Aspen Batch Plus	Aspen HTFS+ Customer Presentations	
12:00 - 1:30 PM	Buffet Lunch & Solution Center Demonstrations										
1:30 - 3:00 PM	Using Models in Operations	Safety & Controllability Customer Presentations	Refining Track Customer presentations		Upstream Track Customer presentations	Tutorial: Structures and Modular Construction Using Kbase	Tutorials: Setting up a Standard Basis Library and Process Piping	Owner - Operator Customer Presentations		Advances in Solubility Modeling Customer presentations	Tubular Heat Exchangers (I) Including Tasc+ and Acol+
3:00 - 3:30 PM	Refreshment Break										
3:30 - 5:00 PM	Tips & Tricks: Best Practices Customer Presentations	Industrial Case Studies Customer Presentations	Refining Track CME / PIMS Integration Plans Demo of reactors		Upstream Hydraulics Customer presentations	Tutorial: Icarus Tips and Tricks Experts Panel		Tutorial: How to expand simulation to PFD and PFDs to P&ID: Use and configuration		Advances in Rigorous Unit Operations Modeling Customer presentations	Tubular Heat Exchangers (II) Including Acol+ and Teams
Thursday, 10 April 2008 - Advisory Committees/Hands-on Public Training (additional cost)											
Time	Aspen Process Modeling				Aspen Zyqad			Aspen HTFS+			
7:30 - 8:30 AM	Continental Breakfast										
8:30 - 12:00 noon	Aspen Process Modeling Working Group		Public Training Using ASW with Aspen Plus		Public Training Using ASW with Aspen HYSYS		Public Training Aspen Zyqad		Public Training Full Course: Condenser Design & Operation		Public Training HE for Process engineers - HYSYS
12:00 - 1:30 PM	Buffet Lunch										

1:30 -5:00 PM	Aspen Process Modeling Working Group	Public Training Using ASW with Aspen Plus	Public Training Using ASW with Aspen HYSYS	Public Training Aspen Zyqad	Public Training Full Course: Condenser Design & Operation	Public Training HE for Process engineers - HYSYS
Friday, 11 April 2008 - Advisory Committees/Hands-on Public Training (additional cost)						
Time	Aspen Process Modeling	Aspen Zyqad				
7:30 - 8:30 AM	Continental Breakfast					
8:30 - 12:00 noon	Aspen Process Modeling Working Group	Public Training Aspen Zyqad (continued)				
12:00 - 1:30 PM	Buffet Lunch					
1:30 -5:00 PM	Aspen Process Modeling Working Group	Public Training Aspen Zyqad (continued)
